|                |                                                                |
|----------------|----------------------------------------------------------------|
| 材料と環境          | Corrosion Engineering                                          |
| 防食技術           | Boshoku-Gijutsu (presently Corrosion Engineering)              |
| 材料と環境20XX      | Proc. JSCE Materials and Environments 20XX, JSCE               |
| 第XX回材料と環境討論会   | Proc. XXth(st, rd) Jpn. Conf. Materials and Environments, JSCE |
| 腐食・防食ハンドブック    | Corrosion Handbook (Jpn.)                                      |
| 防食技術便覧         | Corrosion Engineer's Handbook (Jpn.)                           |
| 材料環境学入門        | Introduction to Materials Ecology (Jpn.)                       |
| 金属の腐食・防食Q&A    |                                                                |
| 110番           | Q&A on Metallic Corrosion Emergency Call in Corrosion (Jpn.)   |
| 石油編            | Q&A on Metallic Corrosion Petroleum Industry (Jpn.)            |
| 電気化学入門         | Q&A on Metallic Corrosion Electrochemistry (Jpn.)              |
| 腐食・防食データブック    | Corrosion Databook (Jpn.)                                      |
| 装置材料の寿命予測      | Life – Time Prediction of Equipment Materials (Jpn.)           |
| 金属材料の高温酸化と高温腐食 | High Temperature Oxidation and Hot Corrosion of Metals (Jpn.)  |
| 電子材料及び磁性材料の腐食  | Corrosion of Electronic and Magnetic Materials                 |
